SBS.

Letter.

No.TCS 1351 F.

Public Works Department,
Bombay Castle (Bombay No.1),
1st April 1952.

To

The Superintending Engineer, Karnatak Irrigation Circle.

Subject:- Continuance of temporary Divisions and Sub-Divisions.

---

Reference : Correspondence resting with your letter No. G.47, dated the 30th January 1952.

2. Sanction is accorded to the continuance of the temporary staff mentioned in statement 'A' for a further period ending the 28th February 1953.

3. The Irrigation Projects Division (South), Dharwar, together with the establishment as mentioned in statement 'B' should be continued for a further period of one year, i.e. till 28th February 1953.

4. The name of the Ghataprabha Right Bank Canal Sub-Division itself suggests that the Sub-Division is not a project Division. It is therefore not clear how the work relating to preparation of projects came to be entrusted to this Sub-Division, particularly when there is a separate project Division viz., Reconnaissance Irrigation Projects Sub-Division, Dharwar. The two Sub-Divisions therefore, together with the staff as mentioned in statement 'C' is continued for a further period ending the 30th April 1952, in the first instance and you are requested to justify in greater detail further continuance of these two Sub-Divisions beyond 30th April 1952.

5. The Soil Research Sub-Division, Dharwar, together with the staff as mentioned in statement 'D' should be continued for a further period ending the 28th February 1953.

6. The Koyna Soil Survey Sub-Division, Athani and the Koyan Contour Survey Sub-Division, Miraj, together with the staff as mentioned in statement 'E' should be continued for a period ending the 31st July 1952 only, pending decision on the taking up of the main Koyna Scheme.

7. The Ghataprabha Left Bank Canal Division and six Sub-Divisions thereunder, together with the staff as mentioned in statement 'F' as also the Dharwar Irrigation Division and seven Sub-Divisions thereunder, together with the staff as mentioned in

P.T.O.

Statement 'G' should be continued for a further period ending the 28th February 1953.

8. Expenditure on the staff sanctioned in paragraph 7 above should be debited to the head "68-Construction of Irrigation etc" and that on the staff sanctioned in paragraphs 2 to 6 should be debited to the head "50-Civil Works-S-tate-Establishment" vide Government Resolution, Public Works Department No. 9220/36, dated the 11th January 1952. The expenditure should be accommodated within the grants that would be placed at your disposal for 1952-53 under those heads.

By order of the Governor of Bombay,

Sd/-

J. M. Dave,

Assistant Secretary to the Government of Bombay,
Public Works Department.

D.A.:-Statements.

Copy, with copies of the stqtements, forwarded to -

the Finance Department,

the Accountant General, Bombay (through the Finance Department),

The Executive Engineer, Irrigation Projects Division (South),

the Executive Engineer, Ghataprabha Left Bank Canal Division,

the Executive Engineer, Dharwar Irrigation Division,

for information.

SBS.

SBS.

Letter.

No. TCS 6152 F.

Public Works Department,
Bombay Castle (Bombay No.1),
9th April 1952.

To.

The Superintending Engineer, Southern Circle.

Subject : Continuance of temporary establishment.

Reference : Your endorsement No.G-47, dated the 30th January 1952.

2. Sanction is accorded to the continuance of the temporary establishment mentioned in the accompanying for a further period upto the 28th February 1953.

3. The posts of overseers, surveyors and patkaries as mentioned in the *margin should be continued for a further period of 3 months only i.e., upto the 31st May 1952, pending a detailed justification for the posts which are in excess of the normal units. You are accordingly requested to justify in detail by the 1st May 1952 positively, the continuance of these posts beyond the 31st May 1952.

## Haliyal Irrigation Sub-division.

| | | | | |
|---|---|---|---|---|
| 1) | Number of works in progress at present. | | 132 | Out of which 1 is in connection with M & R to Mavinkop tank which is a I Class xxxk Irrigation work and 3 physically completed. |
| 2) | Estimated amount of works in progress. | Rs. | 1,75,904 | |
| 3) | Expenditure on works in Progress to end of March 1952. | Rs. | 74,321 | |
| 4) | Probable amount required for completion of works in progress during 1952-53. | Rs. | 1,01,583 | |
| 5) | Rough cost of works proposed to be taken up (contributed and promised) | Rs. | 1,22,066 | All these works are pukka promised works and the ryots are now pressing for their being taken up as soon as funds will be made available. |

Executive Engineer,
Dharwar Irrigation Division.

VRP.10/5.

Superintending Engineer,
Karnatak Irrigation Circle,
Dharwar.

47

Letter.

No.G-55.

Karnatak Irrigation Circle,
Dharwar, 15th May 1952.

To

The Chief Engineer to Government,
Public Works Department,
Bombay.

Subject:- Retrenchment. 57

Reference: Government letter P.W.D.No.RTR-3351-F of 28-4-1952.

2. A statement showing the information regarding the progress of minor irrigation works in the Haliyal Irrigation Sub-Division and Dharwar Irrigation Sub-Division with the estimated cost and expenditure upto end of March 1952 and probable expenditure during 1952-53 is enclosed herewith.

3. It would appear from the details shown below that both the Sub-Divisions have sufficient work during 1952-53 even though it is decided not to take up any new works during the current year.

| Name of Sub-Dn. | No.of works in progress | Estimated amount of works in progress | Expenditure on works in progress to end of March 1952 | Probable amount required for expr during 1952-53 | Remarks |
|---|---|---|---|---|---|
| 1 | 2 | 3 | 4 | 5 | 6 |
| | | Rs | Rs | Rs | |
| 1.Haliyal Irrigation Sub-Dn. | 132 | 1,75,904 | 74,321 | 1,01,583 | |
| 2.Dharwar Irrigation Sub-Dn. | 70 | 2,21,335 | 1,08,249 | 1,13,086 | In this Sub-Dn., there are two major works estimated to cost ~~Rs.70/-~~ Rs.70,546/- at present and are in progress. |

Haliyal Irrigation Sub-Division: In addition to the works in progress, there are at present 118 works for which contributions are promised and 28 works already contributed and in all estimated to cost approximately Rs.1,22,066/- which are yet to be started but which could not be taken up due to orders of Government not to take up additional works. The field of activity particularly in Yellapur Taluka is increasing as the irrigators are now very keen to see that their works are taken for execution early.

Dharwar Irrigation Sub-Division: This Sub-Division has at present in hand two major works in progress as aforesaid. One of them lies in the 'Sarvodaya' area of the Dharwar District With the works in progress yet to be completed and an expenditure of Rs.1,13,086/- yet to be incurred on them and additional works actually contributed and contributions promised, this Sub-Division will have sufficient work to keep it quite busy during the current year. Besides this Sub-Division is required to survey and prepare plans and estimates for the contributed and promised works within its jurisdiction.

4. It has to be mentioned that the work in these Sub-Divisions cannot be judged by the estimated cost of works. The works of repairs are generally small but they are scattered in out-of-the-way places without proper access and being mostly in forest and malnad areas where local labour is scarce and climate almost forbidding, the effort involved in surveying and carrying out works is far greater than where labour conditions and approachability are easier.

5. It would be seen from the above that it would not be possible to amalgamate both the Sub-Divisions at this stage particularly when the Haliyal Irrigation Sub-Division has to face the difficulty of getting the works completed in the difficult terrain of North Kanara District where there is acute shortage of labour.

6. In the circumstances, it is requested that Government may kindly be moved to continue the above two Sub-Divisions as separate and independent Sub-Divisions as before, at least to end of February 1953 in the first instance.

New Works

A - 1. The projects of tanks at Arwatgi, Benchi and Hullikeri( vide Chief Engineer's inspection note of 1-6-1952 received under Government P.W.D.endorsement No.NP-456 of 16-6-1952) are under investigation and plans and estimates are under preparation. The approximate cost of these works has been shown in column No.6 above.

2. As these are major projects costing more than Rs.50,000/- betterment tax will have to be levied instead of contribution.

Contribution Amount

1. Promised worked have been taken up for execution on the assurance of the Mamlatdar, concerned.

2. Approximately 1/4th of the estimated amount (except that of Major works) is taken as the amount promised to be paid by the beneficiaries.
